+ Results shown for the year 2018 represent partial period performance from June 1, 2018 through December 31, 2018.

++ Three year annualized ex-post standard deviation (using gross monthly returns).

+++ Net 1 returns have been calculated using the highest actual fee charged to an investor in the strategy (0.60% prior to 2023 and 0.90% effective 1/1/23). Net 2 returns have been calculated using a model fee of 0.60%, which is the fee an investor in the strategy can expect to pay.

N.A. - Information is not statistically meaningful due to an insufficient number of portfolios in the composite for the entire year.

The Global Value Advisors Global Equity Composite contains fully discretionary equity accounts managed in the Global Equity style which seeks to outperform the MSCI ACWI Index-Net over a complete market cycle.

Moody Aldrich Partners claims compliance with the Global Investment Performance Standards (GIPS®) and has prepared and presented this report in compliance with the GIPS standards. Moody Aldrich Partners has been independently verified for the period October 26, 2012 through December 31, 2023.

A firm that claims compliance with the GIPS standards must establish policies and procedures for complying with all the applicable requirements of the GIPS standards. Verifications provides assurance on whether the firm's policies and procedures related to composite and pooled fund maintenance, as well as the calculation, presentation, and distribution of performance, have been designed in compliance with the GIPS standards and have been implemented on a firm-wide basis. The Global Value Advisors Global Equity Composite has had a performance

examination for the periods June 1, 2018 through December 31, 2023. The verification and performance examination reports are available upon request at information@moodyaldrich.com.

Global Value Advisors is a division of Moody Aldrich Partners, LLC. Moody Aldrich Partners is an independent SEC registered investment adviser. The firm maintains a complete list and description of composites, policies for valuing investments, calculating performance, and preparing GIPS Reports, which is available upon request. The firm's list of pooled fund descriptions for limited distribution pooled funds is also available upon request.

The Global Value Advisors Global Equity Composite was created June 1, 2018. The inception date of composite performance is June 1, 2018. Composite results are based on fully discretionary accounts under management, including those accounts no longer with the firm. Past performance is not indicative of future results.

The U.S. Dollar is the currency used to express performance. Returns are presented gross and net of management fees and include the reinvestment of all income.

Net of fee performance (1) was calculated by retroactively applying the highest model fee for the composite (0.60% prior to 2023 and 0.90% effective 1/1/23). Net of fee performance (2) was calculated by retroactively applying the highest model fee for the composite (0.60%), which is the fee an investor in the strategy can expect to pay based on the early adopter fee schedule. The annual composite dispersion is an asset-weighted standard deviation calculated for the accounts in the composite the entire year.

The standard investment management fee schedule for new business is as follows: 0.60% in perpetuity on all investments made prior to strategy assets reaching \$250 million, thereafter, 0.90% on the first \$25 million, 0.80% on next \$25 million, and 0.70% on all additional funds. Management fees are paid quarterly in arrears. Actual investment advisory fees incurred by clients may vary.
