Equity Income Composite GIPS REPORT

The Equity Income Composite was created January 1, 2021 (the “Inception Date”). Effective 1/1/2019, composite policy requires the temporary removal of any portfolio incurring a client initiated significant cash or securities inflow or outflow of 50% of portfolio assets, or a securities inflow of 15%, if the securities deposited were not already held in the portfolio, or if they were held but deposited at unequal weights as the original portfolio. Past performance is not indicative of future results. Prior to 2019, new accounts were included in the composite at the beginning of the first full month following initiation. After January 1, 2019, new accounts are included in the composite after 60 days from the month end following initiation. Terminated accounts are removed from the composite at the end of its last full month under management. The long only divisions include Eastern Shore Capital Management effective 10/29/2012, Global Value Advisors effective 03/31/2018 and Portfolio Solutions Group, effective 6/30/2023.

The U.S. Dollar is the currency used to express performance. Returns are presented gross and net of management fees and include the reinvestment of all income. Net of fee performance was calculated by retroactively applying the highest model fee for the composite (1.00%). The annual composite dispersion is an asset-weighted standard deviation calculated for the accounts in the composite the entire year.

The investment management fee schedule for new business is as follows: 1.00% on the first \$2 million, 0.90% on the next \$3 million and is negotiable above \$5 million. Management fees are generally paid quarterly in arrears. Actual investment advisory fees incurred by clients may vary.

For the period of January 1, 2021 through June 30, 2023, the performance presented occurred while the Portfolio Manager was at a prior firm. On June 30, 2023, Moody Aldrich Partners, LLC acquired the assets, strategies and books and records of the prior firm and the Portfolio Manager joined Moody Aldrich Partners to continue managing the strategies. The Equity Income strategy satisfies the requirements for claiming performance record portability and the firm maintains the appropriate books and records to support performance. The Equity Income Composite has undergone a portability evaluation for the period of January 1, 2021 through June 30, 2023.
